Tuckshop TuneUp On site consultant service

Site visit review service for QAST members only

QAST qualified consultants are available to visit tuckshops and assess current issues impacting on service delivery. We provide support to school administration and parent body management to maintain a nutritious, safe and viable food service for the school community.

Site reviews include;

- ✓ a complete review of tuckshop operations, menu and management
- ✓ consultation with tuckshop operational and management personnel to develop a personalised Tuckshop Action Plan
- ✓ detailed site visit report and recommendations
- ✓ ongoing support and development to monitor and improve performance via follow up phone consultations

In order to effectively review the tuckshop, QAST will need access to current profit and loss statements, menus and documented tuckshop policies and procedures.

*Each term we visit most major regional centres in Queensland. Service to schools outside these centres may incur an additional fee to encompass travel costs or an alternative delivery method can be negotiated.

To express interest in a Tuckshop TuneUp please complete the below details and return via fax or email. QAST will provide an invoice for payment and contact you to arrange a site visit date.

**Book NOW for 2019
consultations**

**Heavily subsidised rate
of \$550 for service ***

Why a QAST consultant?

Every day our team speak with tuckshop personnel, sales representatives, government departments, parents, parent body members and other stakeholders, so they have a sound understanding of the industry and relevant issues that you won't find elsewhere.

Our site consultants are qualified food industry experts with experience in food service management, nutrition and dietetics, food safety and volunteer management.
